THE

1952

THE SUMMIT

The 1952 Greenleaf is dedicated to Mrs. Alice Black. All who know and have worked with her will agree that she deserves the honor. When she learns about this dedication she will probably say, "Oh, Why didn't they select someone else"! That is characteristic of Mrs. Black---give the honors to others.

For the past several years Mrs. Black has contributed generously of her time and energy to the publishing of the Greenleafs. She has supervised many activities involved in the publishing of the above; has worked loyally on the Faculty Greenleaf Committee; and has helped home rooms when they were assigned the task of "getting out" the monthly editions.

Administrators, teachers, and students know Mrs. Black as a successful teacher and friend. Her personal interest in the problems of students, loyalty to the teaching profession, and devotion to duty are commendable. Her friendliness and understanding have endeared her to all.

Personnel of the class of 1951-52 commend Mrs. Black and wish for her many happy and successful years at Whittier.

Then to Mrs. Black, the 1952 Greenleaf is dedicated.

PRESENTING

What late again! The clock says so, but things are not always what they appear to be. You see, this is only a picture. Mr. Pumphrey has just walked into the office while Mrs. Fauss listens intently for an expected question from Mr. Worrall. Mrs. Herrod busies herself with one of the many office details.

Anything could happen here--and maybe it did. From the expression on the faces of Mr. Ross and Mrs. Black they are just waiting for the opportunity to spin their after lunch "yarn." Interested listeners are Miss Dee, Mrs. Kuster, Mrs. Bensen and Mrs. Newberry.

Even teachers study-or so they say. This busy group includes Mr. Priefert, Mr. Gartner, Mrs. Miller, Mr. Benjamin, and Miss Halston. Wonder what really brings them to the library corner? Could they just be posing for a picture?

"Take with the experiment! We always expect things to go off with a "big" bang" when this scientific minded group get together. Of course Mrs. Jackman and Mr. Law have just dropped in on the scientific gathering consisting of Mr. Porter, Mr. Killen, Miss Cochran and Mr. Littstruck.

Pictures, pictures, pictures! This was one of many meetings held by this group relative to the publishing of the Greenleaf. From the serious expressions of some of the group they seem real concerned. Here Miss Hagensick, Miss Veerhusen, Mrs. Kirtley, Mr. Lindsey, Mrs. Wilson and Miss Hadsen are examining some of the pictures to be used.

Hungry? Sure, did you ever see us when we weren't? Mrs. Farnett, Mrs. Lundquist, Mrs. Mill, and Mrs. Littrell are all set to "dish it out" to the hungry group.

Here's our Assistant Principal, Miss Hult, conferring with Mrs. Jones, Mrs. Evans, Mrs. Brandt, and Mr. Akert. Judging from the setting the topic of discussion is 7th grade general education. Many such meetings have been held this year.

Gee, "ain't that cute"! Miss Pauly and Mr. Toiler are getting a dancing pointer from Mrs. Moss while Mrs. Richards readies to change the tune. Miss Persson and Mrs. West seem a bit astonished at these goings on."

"Make mine music," says this musical ensemble. Shall we play, sing, or just listen? Guess we'll listen to Mrs. Harper play, says Mr. Thompson, Mrs. Allen, Mrs. White, Mr. Collier, Mr. Welch and Mr. Young.

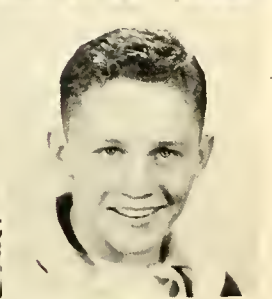

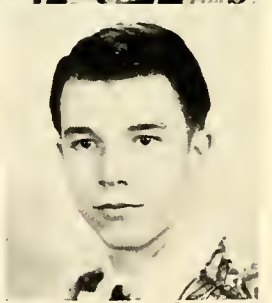

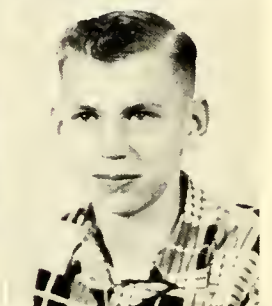

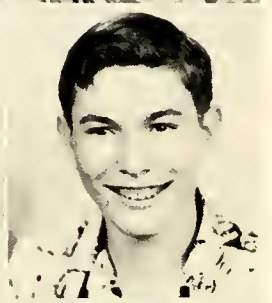

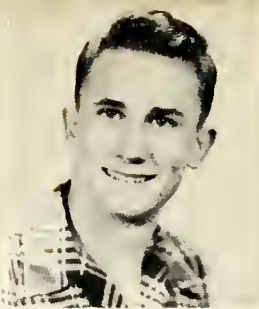

Miss Zamzow says--

Pick up the paper,
Put it in the basket,
Pick up the paper
Put it in the basket,
Pick up the paper,
Put it in the basket,
Let's keep Whittier clean.

Happy day!! No one appreciates more than this group the changes being wrought by remodeling, plaster and paint. Mrs. Dewey, Mrs. Murphy, Mr. Short, Mr. Telar, Mr. Morrissey, Mr. Wiltshire and Mr. Burke give their approval to the changes being made.

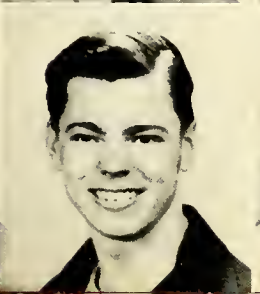

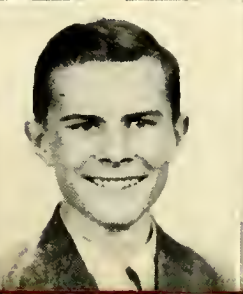

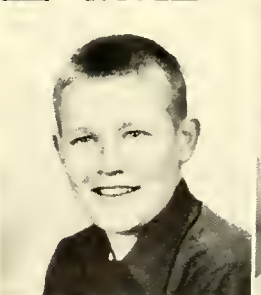

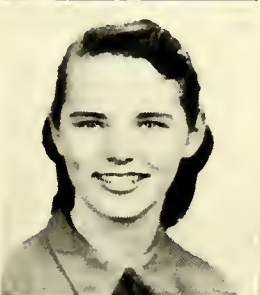

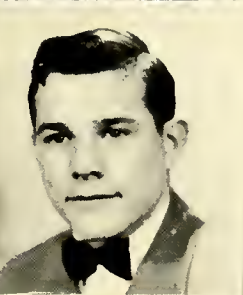

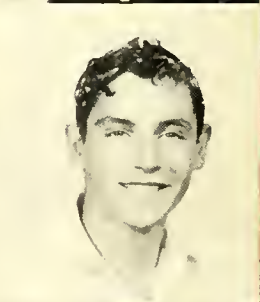

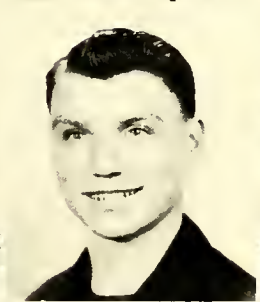

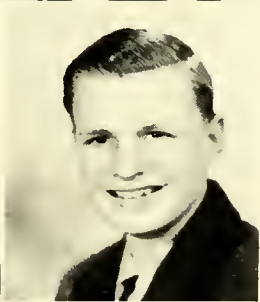

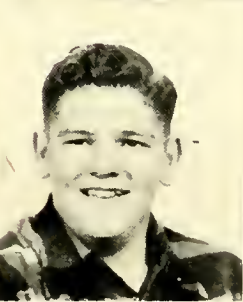

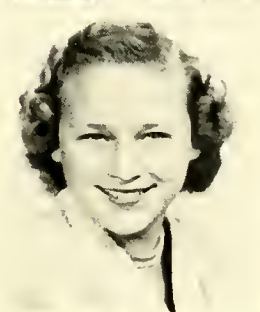

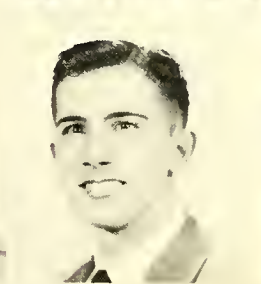

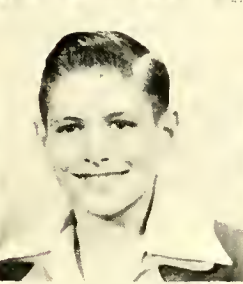

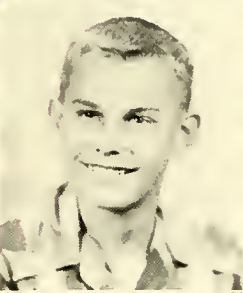

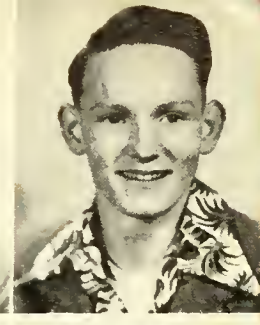

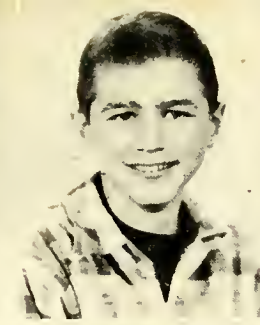

Thanks P. T. A. We appreciate your assistance in the publishing of the Greenleaf. Shown in the picture front left to right: Mrs. Fields, Mrs. Fagerberg, Mrs. Ellis, Mrs. True, Mrs. Hartman, and Mrs. Richie. Back row left to right; Mr. Priefert, Mrs. Dering, Mrs. Deems.

FALL VARIETY SHOW

On Tuesday, November 20, 1951, at eight o'clock, the Whittier P. T. A. Variety Program was given in the Whittier Auditorium.

Announcers were Dolores Holloway and Donald Dean.

First on the program was the Whittier Band under the direction of Mr. Lyle Welch. They played a number of folk tunes.

Carol Fields in a beautiful pink satin costume, tap danced to "Tea for Two." A dance followed "Winter Fantasy" by Genia Hartman.

TRIP TO LINCOLN HIGH SCHOOL

The ninth graders were the guests of Mr. Fogar, the principal of Lincoln High School, when they went to Lincoln High School on March 31, 1952. The purpose of the trip was to see the different shops, class rooms, and the gymnasiums.

Larilyn Leideck, a former Whittier pupil, met us at the main door and led us to the study hall. Mr. Fogar gave a short talk and introduced us to some of the counselors. We then divided into six groups and a counselor took charge of each group and proceeded to show us around. We were on all the floors and in the basement where the machine shop is.

Next we saw the "Oval" where they have the football games. Here we concluded our trip and came back to Whittier.

THE ANNUAL YOUTH ROUNDUP

On Friday, April 18, at 8:00 p.m. the third annual Youth Roundup was held at the University of Nebraska Coliseum.

Many Whittier pupils attended this colorful spectacle and enjoyed dancing the many square dances we have learned in our dancing here under Mrs. Ross's instructions.

STYLE SHOW

The style show, which was held April 23, 1952, was very gay and colorful. The fashions this year are very attractive. Evening, afternoon, and sports dresses all seem to have fuller skirts and to be made on more generous lines. Materials are very attractive too.

SPRING PROGRAM

Heigh-Ho Come to the Fair! Yes, that was the theme of this year's spring program.

It was the general opinion that this year's spring program was the best we've had in a long time.

With everything from bears to pigs--and even the girls' chorus thrown in for good measure, we were off to the fair.

An excellent skit, "The Sentimental Scarecrow" helped immensely in creating the fair mood.

Gay splashes of color mixed with merry melodious music all blended to make this program the best ever.

9A PARTY

Most wonderful of all parties--the 9A party.

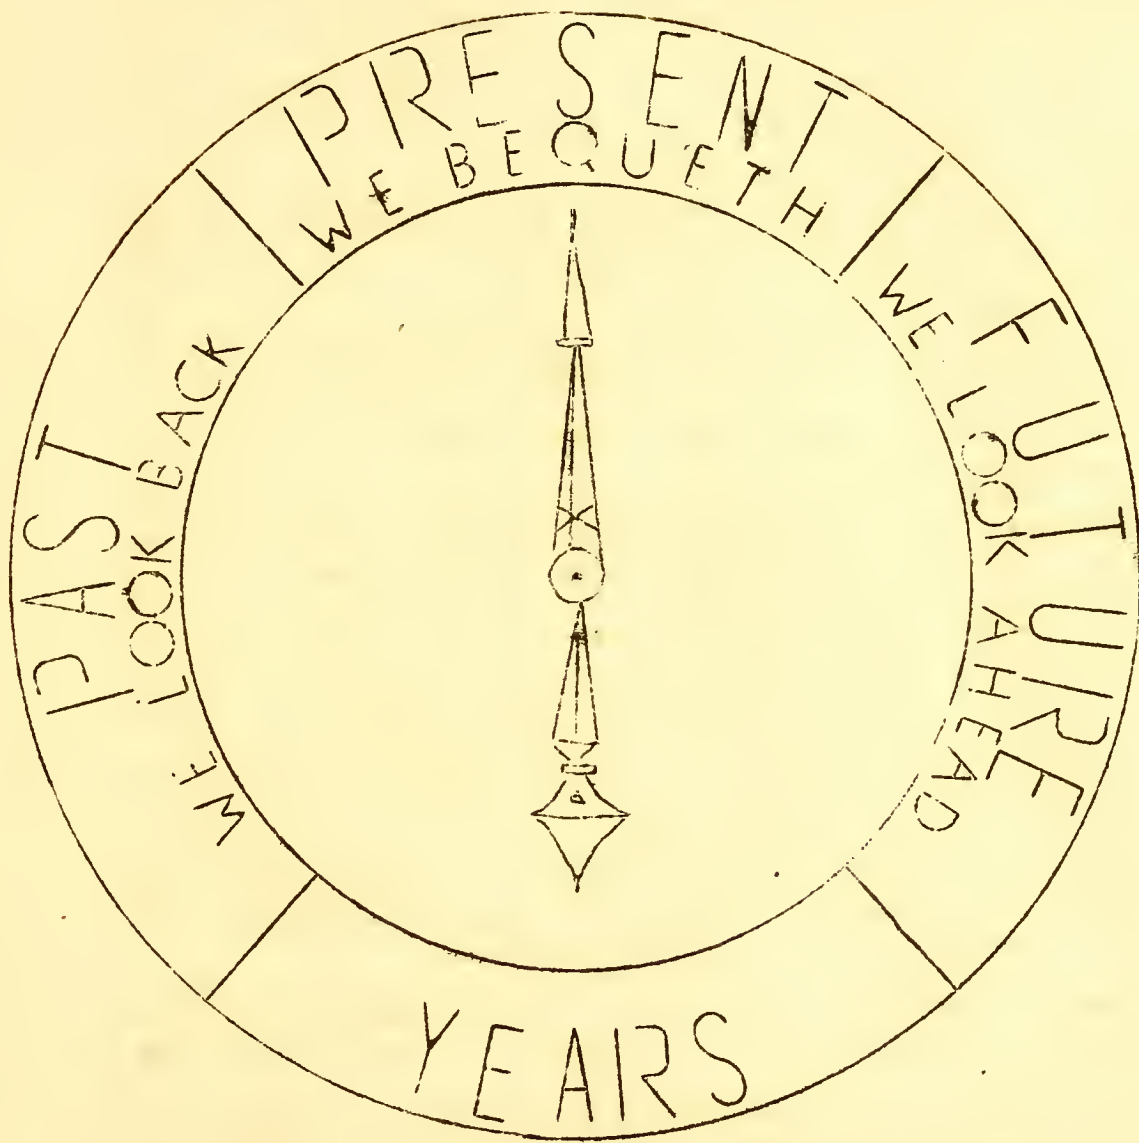

Time--May 23rd.

Place--Cocoanut Grove Club.

Girl--the one you like best.

HOME ROOM PARTIES

All home rooms enjoyed parties during the year. The holidays most generally observed were: Halloween, St. Patrick's Day, St. Valentine's Day and Thanksgiving. Some rooms gave parties honoring pupils who were leaving Whittier--or celebrating very special birthdays like the one in four years, February 29th. Christmas parties for 7th, 8th and 9th graders were held in the gym this year.

WHEEL OF FORTUNE

HISTORY OF THE CLASS OF 1952

Since it is both pleasant and profitable at times to look back to enjoy and evaluate the past, we of the Class of 1952 present these experiences of our three years at Whittier.

We began as not so bashful seventh graders with the new General Education program, and we are the first class to complete the three year course.

While we were eighth graders, the ninth grade home rooms started to put out the monthly editions of the Greenleaf. We looked forward to our turn which came this year. We worked hard but we enjoyed doing it.

Another new experience was the all grade Christmas Party held in the Gym. It was very successful and we think it should be continued.

Wrestling was started in our ninth year and enjoyed by all who participated.

Letter movies were offered at noon this last year, because tickets were sold for a small amount. This gave us more pleasure during the stormy winter noon hours.

Ping Pong and Serial Darts gave us new games and some interesting tournaments were played.

Since 1923, Whittier's once warm tan paint has been getting a little more tired and grim looking every year. So, even though we are leaving before it is finished, we are happy to see the new look it is getting from the new paint and the wonderful new stage curtains. We hope the pupils of the future will enjoy it very much.

During our years in Junior High many students from foreign countries have entered our class. We welcomed them and think it is wonderful that they can attend our school and share in the freedom we have always enjoyed.

We have taken many field trips since the old Civic League trips were dropped. These field trips were both interesting and educational and took us to new places and new experiences.

Our co-recreational program has helped us to know each other better and to take part in square and social dancing.

We became rather serious in choosing leaders in our grade. First it was the King and Queen of Hearts to reign over our Valentine Assembly. Next we chose 9th Class Officers to handle our spring activities, and last were the King and Queen of Health who were crowned on our annual Health Day.

The 9th party was a wonderful event. Some of the braver ones had dates and all enjoyed the floor show, dancing, and acts. It gave us so many wonderful memories to carry with us to Senior High.

Do you think any of us will ever forget Promotion night? Let's hope our nervousness didn't show too much as we walked across the stage to receive our Promotion Certificates. Of course we are looking forward to Senior High, but we leave many happy memories of Whittier.

9A CLASS WILL

IN THE FIELD OF SPORTS

Noon games play a big part in sports here at Whittier. During the noon hour competitive spirit is put into full swing. Although the boys had only one round robin tournament they found they favored this over the single elimination tournament. There are many advantages of a round robin; the main one being that each home room gets to play more games thus giving more chance to improve both sportsmanship and athletic ability. Secondly, a team can afford a loss while in a single elimination one loss ousts a team from a tournament. This may be the very team that could well use more practice. The girls like round robins and the double elimination.

CLEAN-UP WEEK

Clean-up week was observed from the 21st through the 26th of April. This week was set aside for a city-wide cause and was worked on a city-wide basis. "Clean-Up, Fix-Up, Paint-Up" week was announced on the radio, signs were posted all over town, pictures appeared in the Lincoln newspapers, and everyone was urged to do his part.

Hittier, therefore, all set out in front when it comes to doing things, began to organize for a general clean-up. An assembly showing Hittier's need for a new shine was put on by the safety committee. This committee, led by Miss Edna Benson, was in complete charge of the clean-up. This committee asked the city council to place a new waste can on the corner of 22nd and Vine. This they did. On Friday, April 26th, Hittier students gave up their game activities and devoted the noon hour to a general clean-up of the school grounds. Every homeroom had its own section to clean. Students worked with a will and by one o'clock the playground looked fine.

On the following Monday Hittier received a letter from our Acting Mayor, Mrs. Fern Hubbard Orme, expressing gratitude for helping to make Lincoln a place of pride.

It was fitting that on the day of the "clean-up" assembly the audience should view for the first time the new stage settings. Lovely aqua velvet drapes with maroon velvet above and at the sides form the main curtains. Behind this a gold brocade curtain may be used as the background for a footlight stage. A new cyclorama and a new fire screen complete the new stage settings.

Hittier is also being redecorated at this time. The third floor is now completed but the remaining floors will not be finished for at least another semester.

OUR JUNIOR CIVIC LEAGUE

Our Junior Civic League is democracy in action. It is a group sharing responsibilities and working together for the common good of the whole student body. The Junior Civic League shares in planning and carrying out many activities of the school. Each student has a voice in the organization through the delegates elected to represent each homeroom.

Participating in the activities helps to develop habits of good citizenship, such as the ability to express opinions, to speak before a group, to form good judgments, to discuss issues, to respect other people's opinions, to judge quality of candidates, to vote carefully and to assume responsibility.

It is interesting to know that former officers of our Junior Civic League express themselves as having gained many values while serving as a member of this organization. They have expressed themselves as feeling that the Junior Civic League gives the chance to work with others, to organize for the good of the students and to realize the responsibility of leadership. Many chances to be of service to the school

are offered. All of these they feel, are builders of character and will be useful in later life.

THE WHITTIER ORCHESTRA

The Whittier Orchestra consists of nine violins, one viola, two cellos, two bass viols, two drums, one saxophone, one oboe, five clarinets, four cornets, two mellophones and a pianist. This orchestra has been presented in two performances, each time for the variety show. The string performance was played in the orchestra pit which is the usual location for a professional orchestra. Those who practiced faithfully this year were given violin lessons by Mr. Colliers.

The story of the Wizard of Oz was used as the theme for the annual Health Day Recognition Program. After the trumpeters, Leland Kovarik, John Sacks, and Lane Summers played the fanfare, a procession of ninth graders with a health rating of A, led by the crown bearers, Franklin Moller and Jack Ingham, began the program. This was followed by the crowning of the King and Queen of Health. Larry Hickok, Boys Junior Civic League president, crowned Marilyn Burbach, Queen of Health and Jeanine Garner, Girls Junior Civic League president crowned Oscar Liskoy, King of Health. After the coronation ceremony, the royal couple and their attendants (see picture p. 19-2) were entertained by several special numbers. Judy Insbruck and Rosalie Schrandt, baton twirlers from Johnson and Carroll, Mohrman, acrobats, and Nancy Worrell, tap dancer, four and a half year old daughter of Mr. Morrall, physical education instructor at Pittier, were splendid in their performances.

A group of small children led by Henry Miller entered the throne room and asked the King of Healthland if they could enter into his realm. The King responded by calling upon his Wizard, Jake Kern, and his helpers Erlene McAllen, Grace Brundeman, Larry Littrell, Dolores Holloway, Dan Cook, and Bob Everett. The helpers told the group of children what they would have to do in order to become subjects of the King and Queen of Healthland.

The pages for the King and Queen were Chuck Dorsey and Melvin Kapeller.

The climax of the program was the awarding of ribbons to the individuals winning first, second, or third place in the athletic contests. The ribbons were presented to the winners by the boys and girls playground chairmen--John Carter, Allen Hovbill, Ruby Stewart, and Mary Sandara.

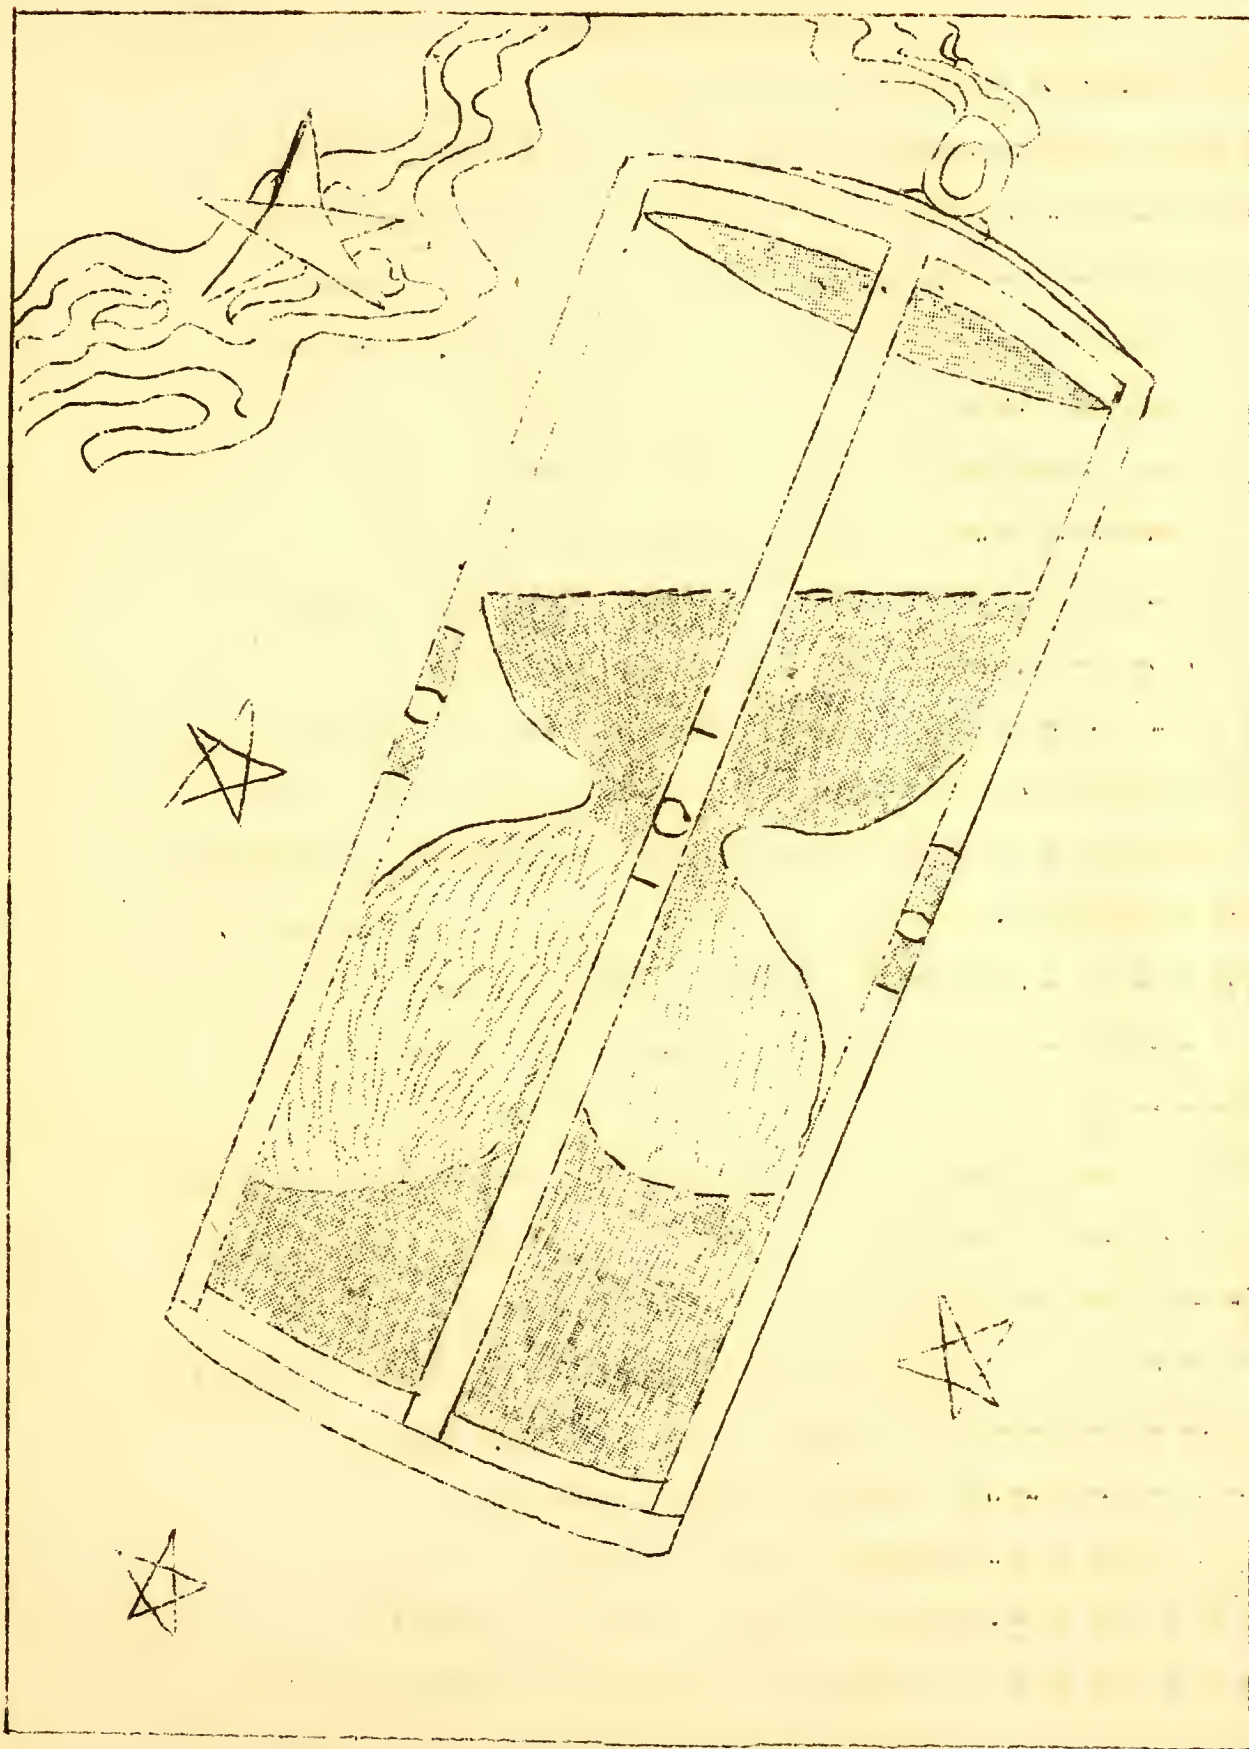

Two special awards were presented by Mr. Morrall. The first was to Home Room 3034 for receiving the highest number of points ever earned by any homeroom in the history of Health Day. The second special award was presented to Gregg DeHitt as the outstanding athlete for Health Day.

The narrator for the program was Donald Dean who closed the program with the following poem by Brentland Rice:

When the game is done and the players creep
One by one to the League of Sleep,
Deep in the night they may not know
The Jay of the fight, the fate of the foe.
The cheer that passed, and applauding hands,
Are stilled at last--but the record stands.

The errors made, and the base hits wrought;
Here the race was run! Where the fight was fought!
Not the game is done when the sun sinks low
And one by one from the field they go;
Their day has passed through the twilight gates,
But the scroll is cast--and the record waits.

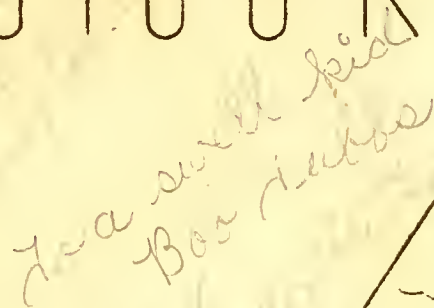

So take, my lad, what the Great Game gives,
For all men die--but the record lives.
